RCRAInfo V6 has this capability. I'm attaching the report for Region 9. The "approval type" column tells you whether the site is a permit (e.g., pursuant to 761.65) or approval under other TSCA authority.

Subject: RCRAInfo report for Jeff

Hi Cynthia –

Jeff is asking if he can get a report from RCRA Info showing PCB permits across the regions. Is that something we could do from here or do we need to ask HQ? Would you please work on getting this together?

I think it would be good to have a table with numbers (i.e., how many PCB permits in each region) and a second table or spreadsheet with a list naming each facility in each region and if it is storage, decon or disposal

Let me know if you have questions or if we should talk. I'll just throw out a date – one week from today Dec 5. Let me know if that works

Thank you!

Barbara
